**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I finally left Comcast because they provided poor internet service at what I considered exorbitant prices. Luckily my region has Sonic, which has installed fiber optic cable in the region. This has allowed me to get internet at speeds that are literally 10 times faster than any of the other carriers will provide with their DSL. Since I work from home this has greatly enhanced my business efficiency.

I support broadband competition which has allowed me to get the best deal in my region, both in terms of speed and cost. I implore you to support legislation that will allow competition to prevail and to deny policies that will inhibit competition.
